

## MARINA EXPANDS

### 360 Additional Spaces Now Available for Campers

A 30 acre addition to the city marina opened last weekend. The new addition will provide facilities for over 360 additional campers. There are at present fresh water outlets for the campers and electricity will be provided in the near future.

The new facilities are located on Torrey Island and are complete with two 80 by 30 comfort stations constructed at a cost of \$24,256. The decision to open the addition came after the comfort stations, built by Blanton & Unwin contracting firm, Pahokee, were accepted by the city and officials of the Flood Control District.

Both of the stations have hot and cold showers and outside laundry tubs. The project was delayed because the Palm Beach County Health Department refused permission for the installation of septic tanks for the rest rooms. After permission was granted the septic tanks were constructed at a cost of approximately \$8,000.

City Manager Tevis Hugely estimates the value of the city owned recreational area at over \$250,000. A loan of \$35,000 was obtained from the Florida Recreational Board of Finance for most of the cash expenditures.

There have been many contributions of men, machinery and materials by local growers, builders, contractors and other interested citizens. Neal Dillard, engineer for the FCD said the marina complex was possibly the only one of its type and magnitude in the state.

Police Chief Charles D. Goodlett, a member of the port committee reports that during the past several weekends, all camp sites on the original 10 acre tract have been filled to capacity. Reservations for the use of the pavilion on the original site have been booked for more than a year in advance, he said.

## FUNDS NEEDED FOR KIDNEY PATIENT

A fund drive to assist Harold (Eddie) Mills, 21, a former Pahokee High School student now suffering from a serious kidney infection is off to a good start. Mrs. Hugh Branch, wife of a Pahokee produce broker who is heading the fund raising drive, reported \$3,049.70 had been received Tuesday.

An anonymous local resident has signed a \$4,000 note guaranteeing payment of hospital, doctor and medical expenses until Mills can receive an artificial kidney at a Miami hospital.

Young Mills, a former employee of an area electrical contractor, is married to the former Gloria Jean Hall, of Bry-

ant. They have a seven-month old son, Harold Wayne. Since the first of December Mr. Mills has been a patient in Jackson Memorial Hospital, Miami, as physicians battled to keep him alive.

Mr. Grady Mills, the boy's father reported it would take more than \$4,000 to keep Eddie in the Dade County institution until such time as a mechanical kidney could be obtained. The federal government has assured Dr. William Way Anderson, who heads the kidney center of the University of Miami, that Mills will receive the much needed machine by May 1.

Mrs. Branch said that the members of the First Baptist Church of Canal Point were the first to respond to the fund drive. At Sunday church services the congregation, described as one of the smallest in the Glades contributed \$481 to the fund. Area produce growers and brokers, as well as others in related business enterprises, have rallied to the cause, Mrs. Branch explained.

"The telephone has done nothing but ring," Mrs. Branch stated, "and the deluge of mail I have kept me busy since the story came out. In South Bay, 10 Mr. and Mrs. John Busbee organized their own house-to-house canvass for the stricken Glades area resident, John who is employed in the Belle Glade City Water Department, and his wife Maria, an interpreter to the Glades Office Building, collected \$118 in a few hours.

Through their efforts a Belle Glade contractor added an additional \$200 Tuesday.

To this day, Eddie Mills has not been told of the donations being made to keep him alive.

Services for Saxon Love, 47, of 209 N.E. 3rd St., Belle Glade who passed away Thursday, Jan. 25 from a heart attack, were conducted in the Headland Mortuary, Headland, Alabama at 2 p. m. Monday, Jan. 29.

A native of Henry County, Alabama he had come to Belle Glade in 1957 and was employed by A. Duda and Sons as a drayage operator. He was a WWII Veteran, serving in the U. S. Navy. He was a member of the Shiloh Baptist Church, Rt. No. 2, Columbia, Alabama.

Mr. Love was found at 2 p. m. Thursday, Jan. 25 in the cab of the drayage while he had been operating, while cleaning out a drainage canal on Duda Farm, six miles off Sr. 80, south. Det. Kersey of the Sheriff's Dept. stated he had been dead for about two hours.

Friends and relatives called at Mixon Funeral Home Chapel, Belle Glade from 4 p. m. Friday until 4 p. m. Saturday. The remains were sent to the Headland Mortuary, Headland, Ala.

Survivors include his widow.

As he has time to read, other well-wishers may send get well cards to him to Room 5237, East VI Wing, Jackson Memorial Hospital, Miami.

## DEATH OF SAXON LOVE, 47 ATTRIBUTED TO HEART ATTACK

Mrs. Mary Dell Love of Belle Glade, one son, Det. William Love of the Sheriff's Dept., Belle Glade; two brothers, William Love of Belle Glade and Joe Love of Columbia, Alabama; two sisters, Mrs. Mary Durdan of Belle Glade and Sybil Webb of Columbia, Alabama; two grandchildren, Steven and Diane Love of Belle Glade.

## Harvest Queen Contest Mar. 29

The Belle Glade Jaycees have announced dates for the 15th Annual Harvest Queen Contest. The contest will be held March 29, Harvest Queen Contest March 29, and adult and teenage dances will be March 30. Applications may be picked up at Grant Averill's beginning Thursday, Feb. 1. The contest will be limited to the first 50 girls who apply. Bob Lee has accepted to MC the contest and Jim Atwood, sponsor of the Drama Club at Pahokee High School will be Chairman of the talent contest.

## Driver Charged In Fatal Accident

Tuesday in Palm Beach Criminal Court, a Pahokee man was charged with two counts of manslaughter, reckless driving and speeding, in the death of a man and woman in a car accident last week.

Charles Rouse is free on bond in the Jan. 25 accident. He was the driver of a car that was pushing another car when Ed Davis of Pahokee, while making efforts to get the stalled vehicle started. As the autos were proceeding south on U. S. 441, three miles south of Pahokee the Davis car veered into the northbound traffic lane into the path of a car driven by Mrs. Mary Elizabeth Jones, 37, of 1077 Belle Glade Rd., Pahokee.

Mrs. Jones died at Everglades Memorial Hospital, and Davis was pronounced dead at the scene of the accident. FHP Trooper Burroughs and Whaley stated Mrs. Jones was trapped in her wrecked car for perhaps 20 minutes before being taken to the hospital.

Three other youths and Rouse received minor injuries in the accident. The Davis car was wrapped around a large pine tree on the east side of the highway.

## BLOOD NEEDED

Charles "Chuck" Rimes, 4 year old Hemophilia victim is again in need of blood donations. Donations can be made to any official blood bank and a request should be made that the blood be credited to Charles Rimes in care of the Jackson Memorial Hospital, Miami. Hemophilia is a blood disease that affects the clotting of the blood and causes the person to lose large quantities of blood should they be cut or in some other way start bleeding.

## Rev. Jameson III

Rev. J. O. Jameson is in the hospital at Homestead under observation, according to his daughter, Mrs. Leonard Payne, of 522 N. W. 9th St., Homestead, Fla. It was thought he might have surgery. Rev. Jameson is a former pastor of Community Methodist Church here.

## Fliehs Gets JC Award

For the first time an award was made for the "Outstanding Educator" and the winner was Robert Finckmann, an instructor in the Belle Glade Elementary School and a leader in the area Boy Scouts of America program.

Guest speaker for the event was county commissioner E. W. "Bud" Weaver who chose as his subject apathy in government. Bob Lee, public relations and personnel director for the Sugar Cane Growers Cooperative of Florida was master of ceremonies. J. D. Lee III, President of the Jaycees was in charge of the affair.

In recognition of his work in acting as master of ceremonies for the annual Harvest Queen Contest which is sponsored annually by the Jaycees, a plaque was presented to Bob Lee.

## Scouts Donate Windshield Wipe

Driving home from South Florida Fair and Exposition will be a little bit safer with a clean windshield if the Junior Girl Scouts of Palm Glades Council have anything to do with it.

Juniors are stationed in the expansive parking area during the eight day Fair distributing hand "wipes" to windshields of automobiles of fairgoers.

The project, endorsed by the National Safety Council, will not only prove a community service to the Palm Beaches, but will help the Junior Scouts earn a requirement for their Community Safety badge. Mrs. Dorothy Williams, district adviser, pointed out.

Wipes are being donated by the Girl Scout Council, she added.

## MARKET REPORT

Pete Clements reports that prices were pretty steady at Monday's market. South Bay Growers topped the market this week with a 39.50 of. These good ears are really selling good now. 294 head sold with 62 per cent going to slaughter and 34 per cent to stockers.

## REPORT CARDS LATE

West Palm Beach — All report cards printed by data processing will be about one week late, it is announced. They were to have been released February 6, but now will be available about February 13.

This slight delay has been caused by a combination of circumstances beyond the control of the county school system.

(1) This year the school system has been required to prepare two earning reports for all of its more than 5000 employees, covering both the last school fiscal year (JULY 1, 1966 through June 30, 1967), and the last calendar year (January 1, 1967 through December 31, 1967). With a payroll in excess of 5000, the necessary computations represent a considerable undertaking.

(2) There was a delay in the delivery of some equipment for the school system's computer necessary for the supplying of this information.

As a result of these factors, the delivery of the W-2 forms required by all school employees in the preparation of their income tax returns, are late, but will be mailed out by January 31, school officials state.

Work on the report cards will begin immediately. Computations, available for that purpose.

## Heart Fund Drive Starts Today

Ed McDaniel, president of the Bank of Belle Glade, will head the Heart Fund Business Drive which starts today in Belle Glade.

McDaniel, who is serving as chairman for the third year, announced that the business drive will be conducted here through Feb. 16.

"Good progress has been made in the fight against heart and circulatory diseases," he commented. Yet these diseases remain this nation's number one killer. Everyone's help is needed and will be appreciated."

Representatives of the business community have been recruited to visit professional and business offices and stores to receive Heart Fund contributions during the next two weeks.

The 1968 Heart Fund campaign will reach its climax during the weekend of Heart Sunday, Feb. 25, when about 160 Heart Fund volunteers in Belle Glade will visit their neighbors to distribute heart-

## Examinations For Postal Clerks Now Being Given

Announcement is being made by the United States Civil Service Commission that examinations for Postal Clerk and city carrier will be given for 22 offices in the vicinity of West Palm Beach and to include Belle Glade, Canal Point, South Bay, and Pahokee.

Applications will be accepted until further notice, and those applying from this area will take examination in West Palm Beach.

Mrs. Rosa Nash, local postmaster said anyone interested in taking the examination may obtain the application blank, and further information, at the local post office.

## Fire Destroys Institution Building

A fire that started at 4:10 p. m. Tuesday destroyed a shed in the industries complex of the Glades Correctional Insti-

tution, located north of here on Highway 441. An investigation into the cause of the blaze is underway, according to

Supt. L. P. Paxson. The shed contained a quantity of fertilizer, shell beans and peas, bags for the produce and

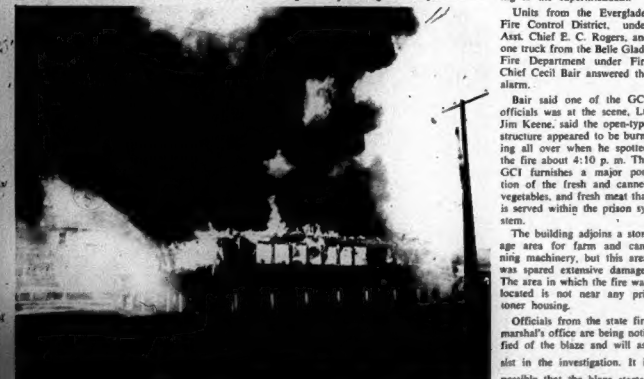

wooden field boxes. Damage has been estimated at between \$15,000 and \$20,000, according to the superintendent.

Units from the Everglades Fire Control District, under Atty. Chief E. C. Rogers, and one truck from the Belle Glade Fire Department under Fire Chief Cecil Bair answered the call.

Bair said one of the GCI officials was at the scene, Lt. Jim Keene, said the open-type structure appeared to be burning all over when he spotted the fire about 4:10 p. m. The GCI furnishes a major portion of the fresh and canned vegetables, and fresh meat that is served within the prison system.

The building adjoins a storage area for farm and canning machinery, but this area was spared extensive damage. The area in which the fire was located is not near any prisoner housing.

Officials from the state fire marshal's office are being notified of the blaze and will assist in the investigation. It is possible that the blaze started from defective electric wiring, Paxson said.

A spectacular Tuesday afternoon fire destroyed an equipment shed at Glades Correctional Institution. Cause of the fire still is being investigated. Loss put at \$15,000 to \$20,000.

## Day School Enjoys Circus

The entire study body, kindergarten through grade 9, of Day School of the Glades took a field trip to the Ringling Brothers circus on Wednesday, January 24th. The students were accompanied by faculty members, grade mothers, and other parents. The students and teachers boarded two chartered buses at 2:15 P. M. Grade mothers and other parents followed in cars.

Mrs. Murray Weeks, Grade Mothers Chairman, made all necessary arrangements for transportation, tickets, etc.

Before boarding the buses for the matinee performance at the West Palm Beach Auditorium, the children were treated to an interesting and educational assembly. Mrs. Betty Theado, English and

Social Studies teacher in the Day School Junior High, told the story of the history of the circus and some of the things they could expect to see and should watch for at the performance.

Everyone agreed the show was beautiful, interesting, and just lots of fun.

The children returned to their homes about 8:00 P. M. filled with pop corn, cotton candy, snowballs, cokes, and hot dogs.

This was one of several field trips scheduled for the school during the year. The students have been to Ocean World and Thomas A. Edison's home earlier. Other interesting and educational field trips will be enjoyed during second semester.

## THE FISHING REPORT

Speck fishing continues pretty good over the past few days. There were a lot of Specks brought in over the weekend. However, due to the winds and colder weather, there were not so many limit catches as last week.

Mr. and Mrs. John Sanderson, Pompano Beach, brought in their limit (100) on Sunday.

Homer Carr, West Palm Beach, got his limit on Saturday.

Dan May and friend, Belle Glade, braved the cold weather on Thursday night and came in with 83. Slim says he must be a real good fisherman, to do so well in such cold weather, but we suspect this is the only way he can outfish his wife, who was smart enough to stay home.

The bass picked up Sunday afternoon, and is hoped to continue through the next week.

Bob Ohman, Belle Glade, came in with 5 bass on Sunday. One weighed in at 7 3/4 pounds.

We are all looking forward to a good fishing weekend as the weather continues to clear up.

Slim's Fish Camp

First of the Girl Scout Cookies. The sale will start February 2 according to Linda Brunetti, Advisor for the Glades also pictured above.

## Girl Scout Cookies On Sale

Girls Scouts will be ringing doorbells as the annual cookie sale gets under way Fri. Feb. 2 through Feb. 12. Girls in uniform will begin sales of five flavors of cookies which include peanut butter, chocolate mint, assorted sandwich, trefoil shorties, and a new flavor, Koko.

The annual cookie sale gives girls and adults a chance to support National and International girl opportunities; provide funds for maintenance and expansion of our established camps; and enables troops to earn money for projects, supplies, planned events, and equipment.

Please help provide the positive influence of scouting to more girls by buying cookies. Girl Scout cookies freeze very well especially the mint. Slogan for the campaign is "cookie dough makes camping grow."

Mrs. J. C. Betts is the cookie sale chairman for the Custard Apple Neighborhood and Mrs. William Gear is the chairman of the Mango Neighborhood.

## County Bowling Tournaments Final Deadline Entries Feb. 3

Norman Longren, President of the Palm Beach County Men's Bowling Association, announced that the final deadline for the entries on the County Tournaments is midnight February 3rd. Mr. Longren stated that although the first date of the competition does not start until the weekend of March 2nd, that Bob Conn, secretary, needs this lead period to do the scheduling of teams, singles and doubles events and have the information in the bowlers hands in plenty of time.

The team event will be held at Deiny Bowling Lanes while the Singles and the Doubles events will be held at the University Bowl in Boca Raton. He also mentioned that it is important for the bowlers to know that they are able to bowl in either the Team event or the Singles and Doubles or both, dependent on their own choosing and time available.

He asked that each of the league representatives make this clear to their bowlers as he understood that some had not entered as they thought it was necessary to enter both events.

Averages are taken from the 1966-67 yearbook unless their average at January 1, 1968 is ten pins higher.

Application blanks are available at all the bowling establishments in Palm Beach County. The Directors, at their annual meeting Sunday said they hoped this year would be the largest in the history of the County Tournaments.

**Kill this pellitory weed  
in sugar cane.**  
**Use Atrazine. Here's how:**

When you see pellitory weed starting to grow, apply Atrazine 80W herbicide, plus a little surfactant. You'll clean out infestations of this winter annual fast and effectively without hurting cane.

Atrazine is safe to sugar cane. It will not injure your crop when you apply it as directed on the label. And since it's non-volatile, there's no danger of drift to adjacent, sensitive crops.

Even though Atrazine has proved to control pellitory at any stage of growth, early treatment assures best results. With pellitory under control early, you grow more sugar cane per acre.

That's because Atrazine prevents

pellitory from interfering with sugar cane tillering. Also, Atrazine helps make soil moisture and nutrients available for your cane, and not for pellitory weed.

So plan now to grow the maximum tonnage of sugar cane from each acre you plant this season. Just use Atrazine to control pellitory weed this winter.

## Wed In Double-Ring Ceremony

Miss Anita Les Norwood became the bride of Charles Howard Legg in a home wedding, Sunday, January 21, at the home of Mr. and Mrs. Roscoe Legg, parents of the bridegroom, on Stillwell Rd. Belle Glade.

The double ring ceremony was performed by Rev. John Shaw, minister of the Belle Glade Alliance Church. The living room was decorated with standing baskets of small white mums and yellow Poinsettias.

The bride wore a white bonded jersey A-line street length dress with lace point on wrist sleeves and short lace train. She carried a white orchid and carnation bouquet.

The maid of honor, Miss Jeannette Sweet wore a yellow linen A-line street length dress similar to the bride's. Her flowers were white carnations with yellow ribbon.

Robert Legg, brother of the groom served as best man.

The bride is the daughter of Mrs. Louise Norwood, Stillwell Rd., Belle Glade. She attended Belle Glade High School.

The bridegroom's parents are Mr. and Mrs. Roscoe H. Legg of Stillwell Rd. He is a 1966 graduate of Gulfport High School, Gulfport, Mississippi, and is presently employed by the City of Pahokee at the Pahokee Water Plant.

The reception was held following the ceremony. Attending were Mrs. Buck Norwood, aunt of the bride, Mrs. Leta Lee and Mrs. J. D. Lee, Jr.

The table was laid with an aqua lace cloth and held a center arrangement of yellow and white mums in a silver bowl with silver candlesticks. The cut crystal punch bowl was at one end of the table and the two tiered wedding cake with a satin bell on top was at the other.

The bride's mother wore an Aqua knit dress with white accessories and white orchid corsage. The bridesmaids' mother was attired in a blue knit dress with red accessories and white orchid corsage.

Guests were attending from Pahokee, West Palm Beach and South Bay. After a wedding trip to Miami the couple have taken up their residence at Canal Point.

## Catholic Rites Unite Couple Saturday Afternoon

Miss Alicia Koch, daughter of Mr. and Mrs. Eladio Koch of Belle Glade, became the bride of J. W. Philyaw, son of Mr. and Mrs. J. R. Philyaw in a 3 o'clock P. M. ceremony at St. Philip Benizi Catholic Church on Saturday, January 27. Monsignor Jose Juarez officiated.

The bride wore a floor-length gown of white satin, fashioned with a lace jacket, accented with seed pearls. The skirt fell into a chapel train. Her elbow length veil of illusion was attached to a rosette headpiece. She carried a bouquet of white carnations.

Maid of Honor was Elina Delgado and bridesmaids were Mrs. Sara Hidalgo and Estrella Alvarez. Ruth Hidalgo was flower girl.

Best man was Robert Gordon Carter. A reception followed the ceremony in the Parish Hall. Mr. Philyaw is employed by Glades Sugar House but will be leaving soon for Vietnam. Mrs. Philyaw will remain with her parents in Belle Glade.

Visiting Mrs. I. L. Price this week are cousins in the family, Mr. and Mrs. B. E. Fletcher from Norfolk, Va.

## Book Reviews

Truman Capote's IN COLD BLOOD is a detailed account of a Kansas murder which wiped out almost an entire family. Each character is portrayed thoroughly, especially the murderers. The authenticity of each account is due to Capote's ability to mingle. He resided in Holcomb, Kansas, the scene of the murders, in order to glean the necessary information for his book. His knowledge of fact and attention to detail are the outstanding aspects of the book.

Capote did extensive research on the residents of Holcomb, the murder victims, and the killers. His relationship with the murderers was that of a questioning reporter. He became very close to them and therefore was able to incorporate facts into his book which might never have appeared.

In Cold Blood makes the reader aware that horrible crimes such as this are often committed. It goes deep into the past lives of the criminals to show why these men are driven to commit such crimes. It is a realistic account of a terrible tragedy which could easily happen to the reader himself.

HOW TO KEEP OUT OF JAIL, gives a detailed account of the laws of our nation dealing with crimes committed by both youth and adults. It was stimulated by a rising incidence of crime among the youth in our country and the need to do something about it. The facts of the law and the community values in relation to crime are often dramatized and exaggerated. The author, Walter Bromberg, argues that the youth in our country should be presented facts that can not be misinterpreted.

From reading this book students can learn how the law treats juveniles and when a crime is a crime. A detailed discussion was given, concerning crimes and how they are divided. Generally speaking, crimes are divided into felonies, misdemeanors and violations. A felony is a serious offense, such as murder or burglary. A misdemeanor is a lesser crime and calls for punishment of less than one year in jail. A violation is an infraction of a city ordinance. Any person over the age of eighteen who is convicted of a misdemeanor or felony automatically gets a criminal record which is carried in the files of the FBI. Often this criminal record can seriously handicap a person for life. A person convicted of a felony, for example, loses his voting rights for life; he cannot become a lawyer; he cannot become an officer in any branch of the armed services; and he is difficult to get a job. Lesser offenses that carry minor penalties can be troublesome, too. This book tells of nearly every possible sort of crime and how it is punishable by law.

## What If . . .

What if the sun never shone again?  
Or the rains or clouds couldn't form?  
Or the flowers that bloom couldn't open?  
Or the animals would always have harm.

In the sun too bright to walk in.  
Or the rain too wet to play.  
Or the flowers too sweet to smell.  
Are the animals frightened away?

What if people enjoyed the sunshine.  
Or played in the wonderful rain.  
Or stooped to pick up a flower.  
Or loved animals frightened away.

How much brighter this big world would be.  
If everyone would just stop to think.  
Of how God gave us these to see.  
And how beautiful Nature can be.

## Drug Abuse

Drug abuse is becoming a major problem on college campuses, as well as with high-school students and adults in our cities. Authorities estimate that about 15 and 50 percent of the teenagers in any city may be experimenting with drugs.

Marijuana, often referred to as pot, grass, or boo is one of the most wide-used drugs. The greatest consumers are teenagers, hippies, and college students. Most people take it for curiosity, kicks, fun, rebellion, or boredom. What most of these consumers don't know is that marijuana can cause frequent paranoia and hallucinations. A feeling of anxiety and depression is often felt by users.

L.S.D., perhaps the worst drug, is often absorbed in chewing gum, animal crackers, and candy. The majority of its consumers take it because of the promise of drug-produced insight. L.S.D. can cause a break in chromosomes, brain damage, and a damage to the nervous system.

Perhaps if more people knew of the harmful effects that drugs can cause, the number of drug addicts would be far less. It is up to the federal, state, and local governments, as well as the average citizen, to curb the use of harmful drugs.

These are just a few reasons why some people believe the death penalty should be abolished: (1) The death penalty is no longer a deterrent to crime; (2) The death penalty does not allow for correcting errors. There may be mistaken identification, lapse of memory, or undiscovered evidence; (3) States without a death penalty have lower crime rates; (4) The Christian viewpoint is that God is not only one that can take a life; CON!

(1) The death penalty helps prevent crime by stopping would-be-murderers. (2) The death penalty is achieved by many ways — electricity, gas, hanging, and shooting.

## Have You Earned Freedom?

By Margaret Cross

To most teenagers in America, today, freedom is a birthright. Many don't realize that freedom is. We have taken it for granted that we live in a free world, have free elections, may choose the type of work we want, and in general have a democratic society. Most teenagers don't realize the struggle in the past that our forefathers fought for to obtain this freedom we enjoy. We gripe about having to go to school, while in Russia, a continuous contest for students to stay in school so that they won't have to work in hard labor the rest of their lives.

Unless a teenager can salute the flag and feel proud; take advantage of school, and opportunity of freedom; be willing to fight in Vietnam, not burn his draft card; and be proud to say he's an American; then he has not earned freedom.

## SHOULD WE ABOLISH THE DEATH PENALTY?

Arguments for and against the death penalty have been going on for years. These arguments are fairly simple.

These are just a few reasons why some people believe the death penalty should be abolished: (1) The death penalty is no longer a deterrent to crime; (2) The death penalty does not allow for correcting errors. There may be mistaken identification, lapse of memory, or undiscovered evidence; (3) States without a death penalty have lower crime rates; (4) The Christian viewpoint is that God is not only one that can take a life; CON!

(1) The death penalty helps prevent crime by stopping would-be-murderers. (2) The death penalty is achieved by many ways — electricity, gas, hanging, and shooting.

## Cynthia Thiebaud FFA Sweetheart

On Thursday, January 25, at 8:00 P. M. the annual F. F. A. Sweetheart contest was held. Chosen as this year's Sweetheart was Cynthia Thiebaud who is a Junior at Belle Glade High School. The runner-up in the contest were: 1st Joanne Harris a Senior and 2nd Kathryn Smith a Senior.

The girls were judged on talent, poise and beauty. The girls portrayed their talents by singing, readings, poetry, playing the piano, twirling and dancing.

The Sweetheart was presented with a bouquet of roses by the president of the club, Steve Butler, and the runners-up were presented with lovely gold bracelets. All of the girls did a wonderful job, and the contest was a great success.

Judges for the contest were: Mrs. Alice Mixson, Mr. Charles Cox and Mrs. Allen Neff. A special thank-you is extended to Mrs. John Youngblood for playing the piano during the contest.

## Seniors Make College Choice

By Barbara Dexter

Peace my brothers, peace my sisters, peace my parents, peace my friends, peace my future. I would carry a banner depicting my cause.

And preach to the sinful through. Yet, into their blank and halting minds— No words or thoughts could pass.

It was not their vengeance or scorn That filled me with terror— But their eyes — which had no light, Their poor minds — that were not their own.

Human bodies walked as robots To the evil command of the machine.

Yes, the Machine the all powerful. Make up of all the evil components in life— Of Society and its rules, of Democracy and its politics.

## Should Drinking Age Be Lowered?

In most states of the United States, the age at which it becomes legal to buy alcoholic beverages is 21. There has been a lot of controversy as to whether this age should be lowered, or if there should even be an age limit.

In most European and Latin American countries, there is no age limit, and children drink from the time their baby bottles are taken from them. Alcoholic beverages are drunk just like water, coffee, or milk are here in the United States. And, statistics have shown that there are larger percentages of alcoholism in these countries than in the United States.

where until a person is 21 years old, alcohol is supposedly a "forbidden fruit," something that can be had only when you're a full-fledged "adult." What is the cause of our high alcoholic rate? This is a question we should all consider.

One factor is that this "forbidden fruit" idea makes kids, especially teenagers, want it that much more, and when they do get it, they drink heavily, many of them more so than adults.

## Society And It's Men

Peace my brothers, peace my sisters, peace my parents, peace my friends, peace my future. I would carry a banner depicting my cause.

And preach to the sinful through. Yet, into their blank and halting minds— No words or thoughts could pass.

It was not their vengeance or scorn That filled me with terror— But their eyes — which had no light, Their poor minds — that were not their own.

Human bodies walked as robots To the evil command of the machine.

Yes, the Machine the all powerful. Make up of all the evil components in life— Of Society and its rules, of Democracy and its politics.

## PB Society of Hospital Administrators

Something is being done about the rising costs of hospital care . . . and right here in the Palm Beach County area . . . through the Palm Beach Society of Hospital Administrators.

Hospital administrators representing area hospitals are: Russell Clayton, Bethesda Memorial Hospital of Boynton Beach; Frank J. Dawson, Boca Raton Community Hospital, Boca Raton; Jesse C. Simonds, Jr., Everglades Memorial Hospital of Pahokee; Ben Clarke, Glades General Hospital, Belle Glade; John F. Wyner, Jr., Good Samaritan Hospital, West Palm Beach; James K. Johnson, John F. Kennedy Memorial Hospital, Lake Worth; R. J. Held, Palm Beach County Home & Hospital, West Palm Beach; Mother Josephine Marie, St. Mary's Hospital, West Palm Beach; and C. B. Willingham, Southeast Florida Tuberculosis Hospital, Lakeland.

These Administrators, representing a full complex of hospital care in southeast Florida, are working together for the expressed purpose of co-operation in matters pertaining to . . . and related . . . to all hospitals in seeking common grounds and better methods in personnel, public relations, accounting and compiling practices, routine services, and improvement of . . . plus better methods in . . . standards and levels of hospital patient care.

As an example, the Hospitalists shared the expense and planning of advertising in national nursing magazines in an effort to recruit qualified nurses and LPNs for this area. Under discussion is the possibility of Shared Community Services . . . all such cooperative effort directed to improving the efficiency of operation, better management practices, and better control of costs . . . all vital as good administration, and ultimately better service and rationalized and reasonable charge to the patient.

In essence, the Palm Beach County Hospital Administration

ton Society is actively alert to answer pressing questions . . . to let you, the people, know . . . that your hospital administrators are constantly striving to present the most equitable

## Open House At Day School

Day School of the Glades had "Open House" on Thursday, January 25, 1968 from 7:00 to 10:00 P. M. The school is located at 1749 East Main Street in Pahokee.

Opening the door for guests were Bobby Barnes, Student Body President, and Gibbs Wilkinson, Student Council Representative for the ninth grade. Inside the front hall the guests were received by Dr. Howard Hill, Chairman of the Board of Trustees, Mrs. Miriam W. Burgess, Headmistress, and James Harry Wilkinson, Co-Chairman of the Board. Two other members of the Board, Mrs. Sam Crissman and Mrs. R. L. Hutton kept the guest register and invited guests into the cafeteria where coffee, tea, delicious sandwiches and cookies were served at a beautifully arranged table. Pouring were Misses Sue Gilbert and Beverly Hill, ninth grade students. Mrs. Bobby Mathews and Mrs. Marvin Cowart were in charge of refreshments for the evening.

Sherry Academy senior Pat McDougal of Belle Glade, commends microphone cassette to read which made in the laboratory, conserves are neither arguable nor inexpensive, but show some properties of life. They are believed to have become first living organisms in the ancient ocean. Pat is a member of the biology class at the co-educational college preparatory school.

## The Fantasticks

Begins Feb. 5

## At Playhouse

The award-winning international musical comedy, "The Fantasticks," which is the longest running musical in New York theatrical history, opens at Frank J. Hale's Playhouse in Palm Beach next Monday, February 5th, for a week's engagement. The stars are the celebrated Broadway star Howard Keel and Susan Watson, who was in the original off-Broadway production eight years ago.

This utterly charming musical premiered in New York on May 3rd, 1960 and has absolutely no signs of diminishing. It was suggested by a play called "Les Romaniques," written by Edmond Rostand. The book and lyrics are by Tom Jones and music is by Harvey Schmidt. "The Fantasticks" was the team's first full-length musical, and it has played in over 2,000 American cities and 25 foreign countries.

Director William Francisco has assembled a cast that includes Jack Blackton, Dean Dittmann, Lionel Wilson, Gary Ely, Edward Garraway, and Don Miller. Musical direction is by Glen Chagston and the scenery has been executed by Lee B. Meyer.

On Broadway, Jones and Schmidt have been represented by "110 in the Shade" and currently, by the hit musical "I Do, I Do." Some of the hit tunes that emerged from "The Fantasticks" are "Soon It's Gonna Rain," "Try to Remember," "I Can See It" and "They Were You."

## Attends Seminar

Mr. V. L. Jones, Hanover Shoe sales representative for the territory of Belle Glade and Pahokee has just returned to the field. Mr. Jones has attended the Hanover Shoe Sales Seminar at Robert Meyer Hotel, Orlando, Fla.

The theme of this seminar was "Product Knowledge" and "Super Service." The very latest styles in fashion footwear were introduced.

Mr. Jones, an active participant in civic and fraternal affairs, resides with his family at 108 S. W. 16th St., Belle Glade.

Obviously pleased about the way tickets are selling are Mrs. Cecil Kelley, Jr., Chairman of this year's Fete du Soleil and Mr. Frank J. Hale. This sixth annual Champagne Brunch Fashion Show will be held Tuesday, February 5th at Mr. Hale's Royal Palmetto Playhouse in Palm Beach. It is sponsored by the Guild of the Science Museum and Planetarium and Palm Beach County to benefit the Museum and is produced by Burdette's. For tickets, please contact Fete Du Soleil, 3223 Australian Court, West Palm Beach, Fla. 33407. (Photo by Bob Davidson)

"study innovations that are being used in education today." The group will arrive from Greenville, Alabama and has told County Superintendent Robert W. Fulton, that Palm Beach County schools "have been recommended as outstanding in areas of interest to us," according to a letter signed by Gene Stroud, Superintendent, Butler County Schools, Alabama.

Superintendent Stroud says he hopes to bring a team of approximately twenty people "who represent teachers, administrators, supervisors, parents and students, who will spend two days in your schools and have an opportunity to meet some of your faculty members and students to discuss the use of some of the things we shall see there."

## Vickie Van Sickle Feted on Birthday

Vickie Van Sickle was honored on her 8th birthday, Jan. 28 at a party. Hostesses were Karen Van Sickle and Patsy Bass.

Helping Vickie to celebrate were Kathy, Beth Nelson, Donna Woodham, Scott Woodham, Gary Poole, Kevin Ward, Thomas Dean, Gary Hampton, Junior Van Sickle, Johnny Van Sickle, Sandra Vaught.

## Mrs. Mary Jones Buried Sunday

Services for Mrs. Mary Elizabeth Jones, 57, 1077 Belle Glade Road, Pahokee, who died Thursday following an auto accident, was held at 3 p. m. Sunday at Lakeland Baptist Church, Pahokee.

Burial was in Port Mayaca Cemetery.

Survivors include her husband, William; one son, Hollis; two daughters, Mrs. Beatrice Fink of Pleasantville, Calif., and Mrs. Bonnie Smith of Clearwater, Fla.; a brother, Roy Robinson of Benton Harbor, Mich.; one sister, Mrs. Beulah Beaver of Yakima, Wash.; four grandchildren and two great-grandchildren.

The Wetherington Funeral Home was in charge of arrangements.

THE YOUNG PEOPLE'S CHOIR of New Bethel Baptist Church are shown before their departure by bus to sing for TB patients at the Lakeland TB Hospital. There was a special tribute to Mrs. Marie Bradley, a local citizen, who is a patient. All of the patients enjoyed the choir. The choir was honored to have top officials see them off. L-R were Davis Kicklighter, commissioner; Tevis Hugely, City Manager; James Munroe, director of Choir; Aubrey Farmer, Commissioner and Charles D. Goodlett, Chief of Police.

The new instructional television antenna is now in operation.

## Schools To Have Instructional T. V.

WEST PALM BEACH — The Palm Beach, Fla., county schools soon will have an instructional television (ITV) network serving classes over widearea areas stretching from the Atlantic Ocean to Lake Okechobee.

When completed, "the ITFS system will surpass that of any other school system in the country," according to William R. Evans, director of the county schools' department of mass media and instructional materials.

A four transmitter system is now under construction on a turn-key contract basis by Jerrold Electronics Corporation, Philadelphia. It is expected to be in full operation early this spring.

The school board already has a system serving schools in the Boynton Beach area. The Jerrold contract calls for two additional transmitter sites — at Belle Glade and at Riviera Beach.

Porpoises at Marineland of Florida normally breathe every 20 to 30 seconds. However, if an emergency arises, these mammals may remain submerged for as long as six to seven minutes.

When inflating itself for defensive purposes, the porpoise fills its body with water and enlarges itself several times its normal size. The spine or "quills" which stick from the specimen's body are capable of inflicting painful wounds according to Marineland of Florida.

Sea snails have no brains, reports Marineland of Florida. Instead, series of simple nerve "knots" control the snail's body parts.
